

SHAYNA BARCLAY

Full-Stack Web Developer

Maryland | Open to Remote (U.S. & Global) | 240.869.0958 | shaynambarclay@gmail.com | <https://aboutshayna.dev> | [LinkedIn](#) | [GitHub](#) | [More Contact Information](#)

ABOUT ME

Full-stack web developer skilled in building responsive, user-friendly applications. Experienced in developing modular components, collaborating on cross-functional remote teams, and managing freelance projects from start to finish. Passionate about creating web solutions that balance clean design with strong functionality, delivering high-quality, production-ready code on time.

EXPERIENCE

Freelance Web Developer | Remote (U.S. & Worldwide)

October 2024 – Present

- Designed and developed custom websites for small businesses, improving usability and increasing site traffic by up to 40% through responsive layouts and SEO optimization.
- Delivered client-focused solutions aligned with business goals, collaborating directly with clients and adapting to feedback to ensure results.
- Managed projects from planning to launch while also contributing to personal and collaborative side projects to sharpen skills and explore new approaches.

PROJECTS

[Moon & Cards](#) – Interactive web app generating personalized tarot readings with AI. (React, AI Integration, APIs) Built an AI platform that boosted engagement by 30% through predictive modeling and interactive UI.
