

SHAYNA BARCLAY

Full-Stack Web Developer

Washington DC | 240.869.0958 | shaynambarclay@gmail.com | <https://aboutshayna.dev>

ABOUT ME

Versatile and self-driven web developer with experience building full stack applications. Skilled in developing modular, responsive components that improve performance and user retention. Proven success as the sole developer on multiple projects and in cross-functional remote teams across time zones. Passionate about crafting elegant, user-centered web solutions that balance design with functionality. Adept at managing freelance projects independently, meeting tight deadlines, solving complex problems, and delivering high-quality, production-ready code.

HARD SKILLS

- HTML / JavaScript / TypeScript / CSS / React / Vite / Nodejs / Express / MongoDB / Firebase / AI Integration / Web Design
- Frontend and Backend development
- Github / Git / VSCode / Netlify / Vercel / Render

SOFT SKILLS

- Multi-tasking, handling high-volume workloads
- Communication Skills / Friendly demeanor
- Organization
- Remote work across time zones

EXPERIENCE

FREELANCE WEB DEVELOPER (UNITED STATES, WORLDWIDE, REMOTE)

OCTOBER 2024 TO PRESENT

Developed custom websites for small businesses and clients, improving user experience and increasing site traffic by up to 40% through responsive design and SEO optimization. Focused on driving measurable growth and engagement by delivering tailored, user-centric web solutions that align with each client's goals.

Also created a variety of personal and professional side projects to continuously sharpen skills and explore innovative development approaches.

EDUCATION

[Full-Stack Web Development Bachelor's Degree](#)

Aug 2024 to Feb 2025 - IRONHACK PARIS
