SHAYNA BARCLAY

Full-Stack Web Developer

Washington DC | 240.869.0958 | shaynambarclay@gmail.com | https://aboutshayna.dev

ABOUT ME

Developed modular JavaScript components that improved site responsiveness by 35% and increased user retention by 18% monthly, as the sole developer on the team. Skilled in front-end and back-end development, I thrive on learning, collaboration, and crafting solutions that balance design and functionality. Skilled in collaborating with diverse teams, managing time effectively, and handling multiple tasks simultaneously. Consistently meet deadlines and maintain quality while working across different roles, including remote positions and teams spanning multiple time zones.

HARD SKILLS

- HTML / JavaScript / TypeScript / CSS / React / Vite / Nodejs / Express / MongoDB / Firebase / Ai Integration / Web Design
- Frontend and Backend development
- Github / Git / VSCode / Netlify / Vercel / Render

SOFT SKILLS

- Multi-tasking, handling high-volume workloads
- Communication Skills / Friendly demeanor
- Organization
- Remote work across time zones

EXPERIENCE

FREELANCE WEB DEVELOPER (UNITED STATES, WORLDWIDE, REMOTE)

OCTOBER 2024 TO PRESENT

Developed custom websites for small businesses and clients, improving user experience and increasing site traffic by up to 40% through responsive design and SEO optimization. Focused on driving measurable growth and engagement by delivering tailored, user-centric web solutions that align with each client's goals.

Also created a variety of personal and professional side projects to continuously sharpen skills and explore innovative development approaches.

EDUCATION

[Full-Stack Web Development Bachelor's Degree](#)

Aug 2024 to Feb 2025 - IRONHACK PARIS
